7 TIPS FOR PREVENTING SOFTWARE PIRACY ROULETTE

- 1.** Read the BSA "Guide to Software Management."
- 2.** Establish office policies for purchasing software and respecting intellectual property rights.
- 3.** Explain to employees the importance of protecting computers from unlicensed software.
- 4.** Use the tools on www.bsaaudit.com to inventory office software.
- 5.** Compare the number of software installations to the number of licenses.
- 6.** Obtain any licenses needed for compliance.
- 7.** Schedule regular software audits to guard against piracy.
